

**IN SPACE CHILDCARE INC.®**  
**A PLACE OF CONQUERORS**

## **- Parent Handbook -**

## **“Wings Forever”**

### **Mission Statement**

At In Space, Childcare Inc. we provide parents and families with dependable, flexible, and enriched superior quality childcare solutions to suit the needs of each child and implement child-care programs that support and promote the physical, cognitive, emotional, and social wellbeing of each and every child through an experienced-based structural learning environment through play. We develop a program that establishes the health, safety, and well-being of children in care. We are to be establishing and maintaining collaborative relationships with coworkers, community service providers and global partners.

### **Our Belief**

Earth. Our home. Earth is not getting any bigger. It's time to unleash the new age of Space Explorers. At In Space, our shared belief is that our children's generation will be the first people to have the absolute ability to access & travel In Space. Including our company's destiny of childcare In Space. Yesterday we used cars, buses, & planes. Today we are using Star & Motherships. At In Space, we are building tomorrow's future by inspiring the next generation who will go there. We are a place of Conquerors. A new age of childcare is here. Welcome to your future with us.

### **Our Direction**

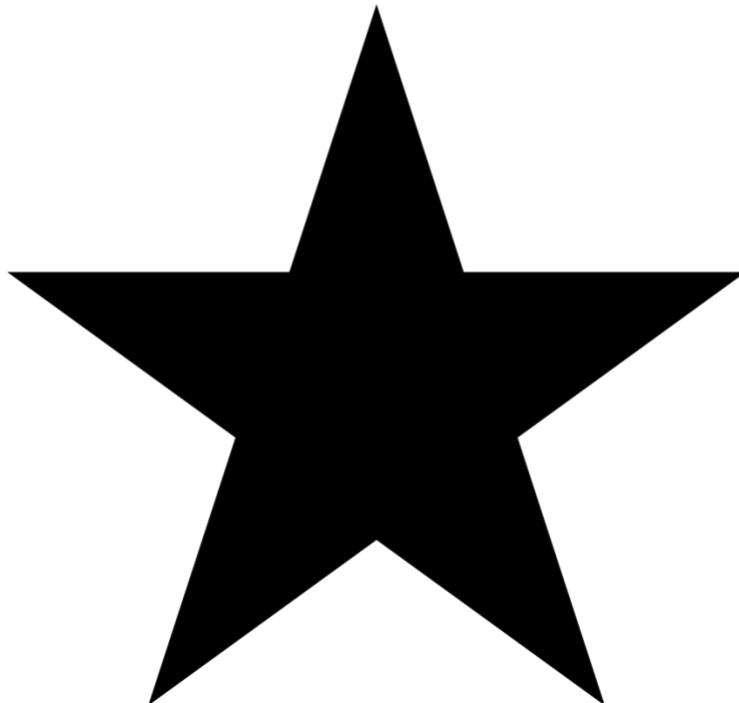

To be the first global childcare solution platform, including one that can find a way to function in outer space. To make this happen by 2050, we hope to partner with SpaceX to bring you the first In Space Childcare site to outer space with their rocket-building program to colonize Mars & beyond.

We offer year-round care for your child. It's time to level up with In Space Childcare Inc. Invest in fun and quality care as we tackle the galaxy together In Space!

We offer a flat subscription rate per month, per child, never any additional fees. If your subscription needs change, we adapt to you. Plus, we cover your Pro-D Days & early dismissals in our monthly service rate, so you don't get shocked with more expenses.

At In Space Childcare, we will foster independence, encourage respectful play, help you master problem-solving skills and recognize your strengths to help you flourish into a happy and confident young person as together we reach for the stars!

**By City:** - Nanaimo, BC.

**Alpha Centauri** - 3606 Allsop Road, Nanaimo, BC V9R 6W2

We are located inside of the World of Pentecost Church at 3606 Allsop Road, Nanaimo, BC. V9R 6W2. We have access to the building but are not affiliated with them. Upon arriving, you may park your vehicle at the front of the paved facility for drop off and pick up (not including the drive-through space undercover at the front entrance).

**Milky Way** - 3255 Stephenson Point Road, Nanaimo, BC V9T 1K3 – In 2023

We are located at the old Stephenson Point Lifestyles Fitness Gym building at 3255 Stephenson Point Rd, Nanaimo BC. V9T 1K3. Upon arriving, you may park your vehicle in the paved parking lot for drop off and pick up.

At In Space Childcare, our program is built around the schools schedule. This is where we give you an entire 10-hour workday, year-round, Monday – Friday, minus weekends, evenings & statutory holidays for your children.

**Before School Hours:** Monday to Friday - 7:30 a.m. - 9:00 a.m.

**After School Hours:** Monday to Friday - 2:00 p.m. - 5:30 p.m.

**Pro-D Days, Spring Camp, Summer Camp & Winter Camp Hours:**  
Monday to Friday - 7:30 a.m. - 5:30 p.m.

## **Abuse**

If for any reason a child reports any form of abuse from inside the home, In Space Childcare Staff will report the incident to the appropriate authorities for their immediate attention. The care and safety of your children are of paramount importance to us.

## **Behavioural Guidance**

At In Space Childcare, managers and staff treat all children as individuals, with respect and developmentally appropriate guidance. Our team will work hard to make sure a trusting and safe environment is established upon greeting each child so that they may have the opportunity to learn how to interact well with their peers and develop self-confidence, esteem and self-control.

In Space, Childcare Rules will be posted on a white/chalkboard or in other areas around the site within clear vision at or near the facility's entrance. These will include but are not limited to:

- We treat others with respect and use our words to express our feelings to others.
- We clean up our toys and games to make space for new ones.
- We take turns and share using kind words to ask for an object.
- We ask a caregiver for help when we are not sure about something.
- We tell a caregiver when we need to leave the room and buddy up with someone.

## **Camp Registration**

Please pre-register your children for any out-of-school day camps separately by emailing our Starlight department with your camp sign-up requests before Pro-D days, Spring, Summer & Winter Camp Programming. Preferably at least two weeks before the date of attendance. There will be an additional cost incurred for full daycare over and above the usual childcare fee as posted on our pricing tab found on our website.

## **Emergency Policies and Procedures**

There is an emergency evacuation plan in place at all times during opening hours of In Space Childcare. A staff member will have posted these plans near the front entrance of the childcare facility.

If school is closed due to snow, In Space Childcare may also be forced to close too. Notification of this will be posted on your Sandbox Parent App as soon as the alert has been recognized. Parents will be asked to listen to the local radio station (102.3FM) to hear updates regarding school closures. You may also call our business line to speak with us directly after 6:30 a.m.

If a natural disaster emergency such as a power outage, earthquake, tsunami or another such event requiring children to be relocated, we will congregate at the Aquatic Centre, Third Street, Nanaimo. The relocation announcement will be posted on the childcare facility's front entrance, and all parents will be notified at the earliest opportunity to pick up their children.

## **Guidance Strategies**

There is modelling behaviour in effect at all times. All expectations are to be explained clearly using short words and positive statements. Any unacceptable issues are dealt with on a case-by-case basis focusing on the behaviour, not the child. Any matters requiring immediate attention or intervention will be addressed by redirecting the child's attention. We are having them take a break if necessary, sitting down with the child(ren) after the event to explain why their behaviour was not acceptable and gaining feedback on how they could handle the incident differently next time. Appropriate methods and choices are provided in a patient manner by the caregiver to achieve a satisfactory and positive outcome.

## Illness

To avoid your child being refused care on the day they are ill, if in doubt, please keep them home. The following are common illnesses in children. Click on the link below or consult [https://www.onhealth.com/content/1/childhood\\_illness\\_sick\\_kids](https://www.onhealth.com/content/1/childhood_illness_sick_kids) for more information:

If the following symptom(s) are present, admission will be refused, and the parent will be asked to escort their child home. It is the parent's responsibility to provide a secondary plan for childcare in the event of an illness. Parents will be asked to supply a doctor's note on return of their child if symptoms persist:

- Vomiting
- Diarrhea
- Fever over 100 degrees F
- Chickenpox until five days after the rash has appeared
- Visible head lice until after treatment

Parents may call # 811 for non-urgent health care information if they have any concerns. Parents will be contacted if a child appears sick or cannot participate in any set activities due to unexpected illness.

## Late Policy

We all have busy, stressful lives, but we must appreciate that our kids will be tired at the end of an eventful day. Please be on time to pick them up. Late charges are \$1 per minute after 5.30 p.m. with no exceptions. Please call ahead if at all possible so we can make allowances for your special little patient people.

## **Medication**

In Space Childcare staff will administer medication to a child only with written consent from the parent or guardian stating the required amount and dosage time. (See medication consent form.) Any medication given to/ stored at the facility will be in a secured locked storage unit in a dry safe or refrigerated out of reach to children. Please contact our Starlight team with any changes needed to your medication file with us. Any allergies must be communicated to a Site Manager of In Space Childcare Centres & listed on your Sandbox registration upon sign up with us. In writing and the required medication labelled correctly along with a permission slip and an agreed-upon care plan in place to ensure appropriate care for your child. All administered medication will be recorded on a Medical Admission Record form signed by the parent.

## **Minor Incident Logs**

These logs can be found in the Teacher & Parent Sandbox Apps and are available to you upon enrolling with us. In the event, there is ever a minor incident with any form of care, minor injury or play incident. It is a reminder to parents that our company's policy is to label the incident as a Daily Log within the Sandbox app on the given day it took place. This log will show up instantly in your Sandbox Parent App area as well. In addition to this log, our staff are trained to send each parent or registered primary caregiver a private message about the involved participant and more essential details. This can be found in your or our Sandbox messaging area.

## **Nutrition**

In Space Childcare will provide one snack per day during afterschool care only. Kids are asked to bring their own lunch and snacks at camp times. Snacks will consist of at least two food groups suitable for dietary requirements specified by parents, including vegetarian, vegan, nut-free and wheat-free. The foods selected will be primarily organic where possible. Parents must complete a form during the child's registration to determine any food allergies/ intolerances before daily menus can be achieved. All snacks will include at least one fruit or vegetable or a pure fruit juice drink. One additional snack out of the other three food groups will be included. I.e., meat, dairy, bread and cereals. Labels will be assessed during purchase to reduce the use of and attempt to avoid sugars (including fructose, glucose, sucrose, corn syrup solids), nitrates, artificial colours and flavours. Children who dislike the snacks provided will be permitted to eat any food from their lunch boxes. Those who do not have ample time to eat snacks can be bagged up and taken away from the facility for consumption later.

## **Outdoor Play**

At In Space Childcare, we believe in encouraging children to have outside air and as much freedom when outdoors as possible. We aim to provide up to one hour of outdoor play daily, weather permitting. A portion of this time will be spent with adult-led and age-appropriate activities, with the remainder of the time spent playing freely. We love the outdoors and urge you to send your children equipped with appropriate clothing for the weather. Please ensure that your child has a jacket, hat, mittens, scarves and rain boots during the winter months. In sunny weather, children should come prepared with sunscreen, a hat, running shoes and a large water bottle. Please note that flip flops and loose-fitting sandals are not friends with gravel paths, play parks, games involving running, skipping, hopping or jumping.

## **Photographs and Publicity**

Signed photographic consent forms within our Sandbox Registration System will be administered to all parents upon sign up to agree or disagree to their children being photographed for publication on the In Space Childcare website, Facebook, social media sites, notice board, banners and newsletter.

Any photographs of individual children may be made available to parents. A written authorization must be presented for this to take place. Any media photographer taking photographs during external field trips will only be allowed to follow parental guidance consent.

## **Release of Children**

Children will only be released to parents, caregivers or emergency contacts listed on the registration form. You may update this at any time in your Sandbox Parent App or put forth a request to our Starlight system. If a change in pick-up person is required as a one-off collecting person, this must be presented in writing or a message within our Sandbox app by the parent before the manager can give the okay to release the child. The alternative person will be asked to present photographic identification. Otherwise, your child will not be released by staff.

Staff will notify the appropriate authorities if an unidentified person attempts to pick up the child without prior notification in writing and the inability to show the requested ID. Staff will also call the appropriate authorities if they believe the person arriving to pick up the child cannot provide proper care. A secondary listed person will be contacted to act as a replacement.

## Rough & Tumble Play

At In Space Childcare, we support the healthy development & proper guidance of rough & tumble play. Rough & Tumble Play's goal is to support & prep future generations with the instilled feeling of confidence, problem-solving & resilience.

What is this type of play?

Ruff & tumble play is:

- all participants are near the same age &/or development level.
- self-lead activity children do during free playtime.
- all participants involved enjoying the activity.

Children enjoy play, wrestling, acting, gross & fine motor skills, and speaking.

- optional for all students with guidance from caregivers.
- safe while still allowing children to reach outside of their comfort zones.
- involving objects like lightsabers, laser tag, sticks, and pool noodles.
- encouraging independent future leader figures who will feel more confident & be more aware of how their own bodies work & function and others. They will also have the opportunity to gauge their feelings better and respond to others' needs and feelings.

Rough & tumble play is not:

Fighting, forced play, unhealthy, forced play, unsafe &/ or undermining a child's self-worth.

Guidance strategy's: When do staff intervene?

1. Play becomes too rough & safety is a concern.

1. Solution: if the child is using their hands, equipment, or words to hurt another, this is never okay and is considered too rough. By observing the children interacting, our staff watch for signs of children becoming too harsh to guide and remind them to use gentle hands and words (e.g., paws when role-playing as animals, speak kindly). If play becomes too rough & the above has proved unsuccessful, children will be asked to find another activity.

2. Play is not happening in a safe environment or appropriate time.

2. Solution: problem-solve for a safer location or another time with children.

3. 1 or more children are emotionally not enjoying themselves.

3. Solution: encourage another activity other than rough & tumble play.

## Staff Training

1. Upon hire, all staff are required to review all policies with us.

2. Staff will be able to ask guiding questions to managers at any time upon employment.

3. Our centres offer monthly meetings on the 1<sup>st</sup> Monday of every month to review policies and observed child guidance behaviour from staff while providing feedback to improve their collective measurable approach with guidance regarding children in care.

## Repayment Agreement

Deposits are non-refundable. All Invoices are due on the 1<sup>st</sup> of the month. In Space Childcare holds the right to refuse care until paid in full. All payments received will ensue a receipt within your Sandbox App. Fees are calculated monthly for each family, dependent on the number of days your child(ren) is expected to attend. These are pro-rated on a ten-month-a-year scale. (Not charged from July and August months for before or/and after school care) (Unless VIP or VIP 2.0 - Year Round Membership then charged twelve-month-a-year scale. Also, no adjustment/refund, if withdrawal before 12 months) All camp sessions are a top-up fee to this monthly rate and are optional to add on, for example, spring, summer and winter camps to your before & after school care contract with us. You may take note that some months have more care days than others. We pro-rate this, so you don't pay more one month and less another. We eat the cost in the higher care day months, and the more minor care months make up for it. This way, you can always know what to expect from having care each month. Like in a car, lease, or mortgage payment, if you use it more than one month and less for another, the amount is still the same.

Refunds will be issued on a case-by-case basis, depending on each circumstance. There will be no allowance for any form of illness or nonattendance of a child on any ordinary day missed for vacation, sickness, or snow closure.

A 1-month notice is required, given on the 1<sup>st</sup> of the month, to be relieved of the obligation by month-end. If one month's notice is not received in writing by the 1<sup>st</sup> of the month by the Site Manager of the facility or the Starlight department, the following month period of time will be charged whether or not your child continues to attend In Space Childcare. The spot will be allocated to another child within one month of nonattendance or non-payment, and your child may be refused care at a facility in the future, having failed to pay your agreement. All financial policies are designed to offer each individual and family fair treatment to create and maintain a professional and trusting relationship with In Space Childcare clients.

## Smoking

We are for the sake of healthy children, a non-judgmental smoke-free environment is provided at In Space Childcare centres. This includes the recreational use of marijuana and e-cigarettes. We appreciate all parent's assistance in allowing this policy to remain intact by not smoking in or on the facility at all times. Thank you for your cooperation.

Thank You!

Founder & CEO AT IN SPACE CHILDCARE INC.
